Policy and Terms of Reference review

Councillor Wookey would like to review the Art Policy and Terms of Reference in the future and take back to Council.

Website – Art page

The Committee discussed setting up a Public Art page on the City's website to host the policy, application form and Terms of Reference as well as pictures of what is in the City's public art inventory. This could provide various reference points around the City and generate more interest in public art.

### NEW BUSINESS

Railway City Tourism - Murals

Two applications were submitted by Megan Pickersgill from Railway City Tourism in regards to murals located at 614 Talbot St., Transit Building and 10 Princess Ave., The Inn and fence facing E.

Councillor Wookey – I believe both pieces of art are appropriate for their locations. The more 'public' one facing the cenotaph area and railway heritage area is more historical and subdued. The other is perfect for its location in the alley where there is less light. It is bright and has energy. I recommend we approve both

Tim - We do not own the land in front of the transit building where the mural will go. If someone develops it the mural will be wasted. Other than that no objections

John - These murals are fabulous. 100% approval from me

Laura - I am good with the mural proposals

Motion by Councillor Wookey – T. Hedden:

THAT: The Public Art Committee recommend the Chair prepare a report to Council regarding the mural art at 614 Talbot Street and 10 Princess Ave.

Carried.
